

# Sue Nisbett Gives to Abby's House

**ARBONNE**  
**INTERNATIONAL**

## Sue Nisbett and Arbonne give back

**“Arbonne Gives Back” is an initiative that raises funds through sales efforts which are then donated to a charity. The deserving organization of choice for me is Abby’s House. I selected Abby’s House to honor the memory of my mother who was a victim of domestic violence.**

**How it works...shop for Mother’s Day gifts, or replace items you already have with healthier ones from Arbonne. I donate 100% of the retail profits to Abby’s House. It is that simple.**

**What is Arbonne...? Arbonne offers pure, safe and beneficial vegan certified personal care products that meet a higher standard for quality and results. Less toxins and no synthetic fragrances means better health for you and your family...everyday items you are already using, just healthier. Although Arbonne’s products are Swiss formulated, Arbonne is an American company.**

Arbonne, as a company, strives to “Make a Difference” in people’s lives by giving back to Sojourners House, a facility in Phoenix Arizona for battered women. Your purchases from this fundraiser will also benefit Arbonne’s mission there.
